## QUALIFYING CUSTOMERS

Xcel Energy natural gas residential customers in Colorado are eligible for rebates when buying qualifying, high-efficiency, new natural gas water heaters (reconditioned equipment is not eligible).

The program is applicable only for the purchase and installation of qualifying new water heaters sold by participating HVAC contractors or retailers for installation in new or replacement applications where natural gas is supplied by Xcel Energy at Xcel Energy retail rates.

Rebates for new home construction should be negotiated between the builder and resident or new home buyer to determine who receives the rebate.

Equipment	Efficiency Rating	Rebate
Water Heater	.62 EF	\$40
Water Heater	.65 EF	\$60
Water Heater	.67 EF	\$80
Tankless Water Heater	.82 EF	\$100

Efficiency ratings are determined using the Gas Appliance Manufacturers Association (GAMA) directory, [www.gamapower.org](http://www.gamapower.org). Only equipment listed on the GAMA site is eligible for rebate.

Participants understand they are not eligible to receive a rebate for this improvement earned under a different Xcel Energy Rebate program.

## REBATE DETAILS

Xcel Energy issues cash rebates in the form of checks, not utility bill credits. Xcel Energy is not responsible if your HVAC contractor provided inaccurate information about the amount and/or conditions of the actual rebate or equipment eligibility. Rebate requests for water heaters within five years of a previous request will not be accepted.

## APPLICATION DETAILS

Qualifying equipment must be purchased and installed between January 1, 2009, and December 31, 2009. Customers must apply for this rebate by July 31, 2010. Applications must include complete HVAC contractor or retailer information about water heater information including: size or capacity, make, model number, serial number and efficiency rating.

Failure to complete this information will result in a rejection of the application. No phone calls will be accepted to provide verification of this information.

An application that is denied due to equipment ineligibility will not be accepted with changed model numbers.

A copy of the dated sales receipt or invoice must accompany complete information on the front of this form. The product invoice must specify all required information. Failure to complete this information will result in a rejection of the application.

All information on the receipt or invoice must precisely match the information on the rebate application.

We reserve the right to conduct random inspections to verify installation of the residential water heater at the address indicated on the front of this form. If we select your application for a random inspection, the rebate application will not be processed until the inspection has been satisfactorily completed. Inspections may be performed after rebate payment at our discretion.

## LIMITATIONS

Rebate quantities are limited. Rebate qualifications and amounts are subject to change any time. Our conservation rebates program may be canceled with 30 days notice.

If you are building a new home, you must obtain a sales receipt for the equipment from your builder or retailer. Only one rebate per water heater will be paid.

If you have questions while filling out this form, please contact your HVAC contractor or retailer for assistance. Please allow six weeks for your rebate to arrive.

Please visit us at [xcelenergy.com/homerebates](http://xcelenergy.com/homerebates) or call 1-800-895-4999 to determine whether any program changes have occurred.
